

The Hartt School
UNIVERSITY OF HARTFORD

Academic Studies Division
Bachelor of Music – Music Production and Technology

Mission Statement

The Bachelor of Music-Music Production and Technology prepares young men and women for professional careers as recording engineers, music producers, mastering engineers, and film/TV/theater sound designers.

Student Learning Goals

1. Students will be able to listen critically and evaluate sound from both a musical and technical perspective.
2. Students will be able to demonstrate an understanding of the physical properties of sound, acoustical environments, and technical expertise of up-to-date electronic sound recording and reproduction systems.
3. Students will be able to demonstrate familiarity with fundamental business practices to understand the legalities and procedures associated with contractual agreements.
